

THE MIC P

by ELLISELLIS

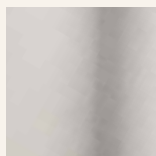

The Mic P is the modern minimalistic and compact pendant inspired by the iconic microphone of the greatest jazz singers in the 1920's and 1930's.

As a single mounted pendant The Mic P is a part of The Mic series. A series of spotlights, downlights and pendants crafted in premium materials and available with various types of installation options and color combinations made by ELLISELLIS.

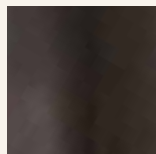

The Mic P is a versatile pendant with maximum flexibility and a great light.
