

The Mic R is the modern minimalistic and compact semi-recessed spotlight inspired by the iconic microphone of the greatest jazz singers in the 1920's and 1930's.

As a single mounted adjustable spotlight The Mic R is a part of The Mic series. A series of spotlights and pendants crafted in premium materials and available with various types of installation options and color combinations made by ELLISELLIS.

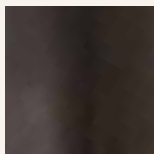

The Mic R is a versatile spotlight with maximum flexibility and a great light.
